# Help your vehicle perform at its best

## Maintenance

A Zurich maintenance plan ensures the carefree use of your vehicle by providing coverage for services recommended by the manufacturer of your vehicle. Simply schedule an appointment at the dealership and sign off once the service is completed.

To ensure long life of your vehicle's engine and operating systems, the following services will be provided:

- Change engine oil and replace oil filter
- Lubricate chassis
- Check and add brake, differential, power steering and windshield wiper fluids
- Rotate and inflate tires
- Inspect the following: air filter, battery, brake lights, CV joint boots, emergency brake, headlights, horn, hoses, tail lights, turn signals and wiper blades.

With the Zurich maintenance plan, you choose from a variety of terms tailored to your driving needs and the cost of the plan can be included in your monthly payment.

## Emergency Roadside Assistance

With our maintenance plan, you'll also receive emergency roadside assistance. Services include:

- Towing
- Flat tire changes
- Gas and fluids delivery
- Jump-starts
- Frozen lock and lockout services

Just call the number on your Maintenance Plan contract to have service providers dispatched. No need to worry about having cash on hand, Zurich will authorize the expenses – up to a specified limit – you just sign and drive.
